Subject: Request for Permission to Submit Assignment After the Deadline

Dear Professor,

I hope you are doing well.

I am writing this email to kindly request your permission to submit my assignment a few days after the given deadline. Unfortunately, due to some unforeseen circumstances, I was unable to complete the assignment and submit it within the specified time.

I sincerely apologize for the delay and understand that submitting assignments on time is an important part of maintaining academic discipline. I had planned to complete the assignment before the deadline, but the unexpected situation made it difficult for me to finish the work properly. I did not want to submit an incomplete or poorly prepared assignment simply to meet the deadline.

I have already completed a significant portion of the assignment and am currently working on the remaining sections. I would be grateful if you could provide me with an extension of a few days so that I can complete the assignment carefully and submit it in the required format. I assure you that I will use the additional time responsibly and submit the completed assignment as soon as possible.

I understand that late submissions may be subject to certain rules or penalties. I am willing to follow any instructions regarding the late submission and accept any applicable penalty, if required. I would also appreciate it if you could let me know the revised submission date and whether there are any additional requirements that I need to follow.

I sincerely request you to consider my situation and grant me permission to submit the assignment late. Your understanding and consideration would be greatly appreciated. I assure you that I will make every effort to meet all future deadlines and avoid such delays.

Thank you for taking the time to read my request. I look forward to your kind consideration and response.

Yours sincerely,

Navya
